*"To forgive is to set a prisoner free and to discover that the prisoner was you."*  
-Lewis B. Smedes

HELEN MADERE BRIDGE

*"Having fun helping others...watering the rosebuds"*  
-Dr. Ted Schulz

## Welcome

- We pledge, pray, & sing, even though Interact kids don't know "Henry VIII." It was GREAT to see Jack attend!

## Treasurer's report

- Patty says no changes, other than we paid for 6 kids to attend Camp Royal.

## Celebrations

- Pres. Lee celebrates Paula's birthday.

## Confessions

- Ted attends Vet's conference in Reno and recommends Louie's Basque Corner restaurant. He had lots of fun driving huge trailer home during wind storm, Sunday, and pays \$50.
- Fast Eddie gets to enjoy (and pay for) daughter Rosie's wedding, Saturday, plus reception in Page's barn. The next day the wind storm blew away the reception tent and destroyed the dance floor. All that, and Eddie still pays \$100 to general fund.
- J. Mac visited 4 grandchildren in No. Carolina, last week; they visited the mountains. Jim gives \$100 to granddaughter's PHF.
- Even though Molly's been suffering from a cold for 2 weeks, missing last week's meeting, she secures 6 Camp Royal slots for our Interact students.

## Committee Reports

away. He's relieved not to land on "recite the 4-way test," this time.

Molly reads thank you note for our club's part in funding new van for RVHS kids' transportation, lauding your editor for his help. Bard, in turn, mentions that Pat Byron provided much of the impetus for the project.

Edwin receives \$260 from Joe Miner at F & M Bank, proceeds from Tequila Y Más.

Lee reports Rio Vision and Meals on Wheels has requested donations. He then gives us a rundown on status of "Welcome to Rio Vista" sign being spearheaded by Lions: John Bento said city and county approval has been secured. Lee also touts Montezuma F. D. Steak and Prawns Dinner, Saturday; tickets available at firehouse.

Jack Krebs donates a bottle of Remy Marin 1738 Cognac, and Jim Mac auctions it off to Tom Kelly for \$260, truly a bargain basement price. We are confident that Tom is anxious to share his new acquisition with all of his Rotarian buddies.

## Program—Reyhea Injunction

Jon presents a talk on the Reyhea Injunction, a permanent injunction ordered by Judge Jensen of the Solano county Superior Court on 10/13/86 stating that inmates in the Dep't. of Corrections shall not be involuntarily medicated with psychotropic, psychoactive or antipsychotic medication unless so ordered after a hearing before a Superior Court Judge.

Ten years later, legislation was passed allowing administrative law judges to conduct the hearings in the prisons, eliminating the need to transport the inmate to the local superior court. Judge Jensen, along with other Solano County attorneys, was selected to serve as administrative law judge to conduct the required hearings and have been doing so since

**Interact**

- A "funny" thing happened on the way to U. C. Berkeley when aspiring pediatric oncologist nursing student, Katie O'Conner had her Dad drive her to a seminar, there. Daddy hit a pot hole and blew 2 tires (without his credit card.) They never made it. Katie says she'll find another seminar.
- At cross-country final Edgar sets personal best record at 19 min. 35 sec.
- Yesterday, Act of Kindness Club gave Ghost Pops to all students.
- It's reported that FFA members Sam Esperson and Lane Eggers landed in Indiana during a storm.

The order explains the hearing process, the grounds upon which an order may be granted, and the duration of the orders.

Judge Jensen expressed his opinion that the treating psychiatrists are very concerned about their patients and are doing a competent job.

**Marble Draw**

Eddie can't find the marble in the newly-stocked bag.

BTW, many thanks, Jack!*
